Code Camp Responsive Web Design — May 2022- ongoing

- Over 300 hours of course material that I intend to complete by June 2022
- 5 final projects showcasing my skills learned. This includes: a tribute page, a survey form, a product landing page, a technical documentation page and a personal portfolio page

App Academy Fullstack Program— February 2022- ongoing

- Learning Ruby
- Completed Booleans, strings, variables, methods, conditionals, loops, arrays, enumerables and ranges
- Completed nested loops and 2D arrays
- This program offers SQL, Rails, React and many other important curriculums that I intend to complete by July 2022
- A full stack project at the end of the course reviewing everything I learned

UforChange Graphic Design and Web Development — April 2022- May 2022

- 7 week program covering graphic design and front-end web development
- Active in code review portions of class
- Designed all of my graphics for my site using Adobe Illustrator
- Created an inspiring moodboard and wireframe that translated into my final website design
- Participated in group discussions and peer reviews
- Produced a portfolio website with a working form and animations
- An accompanying Microsoft Powerpoint presentation detailing my entire process

Centennial College Legal Assistant Program — August 2019 - September 2021

- Courses covering business law, criminal law, family law, tort law, contract law, real estate law, personal property law, wills and estates as well as litigation
- Learned the fundamentals of law office procedures
- Learned about client confidentiality
- Two courses covering Microsoft Office applications, mainly Word and Excel
- Completed a 3-month course; Customer Service: A Modern Approach
- Completed an additional 3-month Business Culture and Communication Practices course
- Learned helpful skills for any career and work environment
